ADJUDICATOR'S REMARKS

Nice flow to open -
Some scrappy playing -
The playing does not always match the musical
flow.
Solo lines are not as comfortable as perhaps
they could be - relax, breathe, concentrate & play!
Nice Tromb 136/+
182 is far some just out of reach ~
205 eugh - bravo - cornet - take more time.
Flg/cornet allow every note to sing!
Cornet cadz - good control to close.
Nice musical shape towards the end

Some fine playing that on this performance
was less successful than needed due to many
errors, clips and breaks in flow

Thankyou.

ADJUDICATOR'S REMARKS

TORCHES & FLAGS

Slightly tentative to open - well done solo horn - bar not quite tidy (135) Good tempo and mostly neat - some loss of precision at (145). (167) is well negotiated and good approach to (176) (184) + some tuning issues (191) Good solo lines but accords not always together. (104) Some intrusion in accords (122) + well done soloists (142) Good opening section - Timp H — (184) - Good E♭ Bar - but not precise! (205) Good corner but could be more expressive (241) Well controlled (262) well done solo corner. (269) Good tempo and detail is heard. (303) Good Agitato but no cresc until 305? Well done to close

Some good sound and solo lines are well attempted. Some issues in tuning and ensemble precision were apparent.
