

Happy Spring 2024

Sherborne Town Band

Officially its spring! We know, looking out of the window over the past few months you would believe it was autumn leading into winter, the plants and spring flowers are confused, people are fed up and the dreaded potholes are increasingly becoming permanent water features with all the extra rain.

The band are starting to come out of hiding after the long winter and have been busy taking bookings and planning musical events locally and further afield. The challenge of the championship section improved all our playing and worked us hard.

The committee has been busy (well a couple in particular) making sure all is in order with the exciting job of policies and procedures that all organisations require nowadays, and the bands constitution has been updated. It's only been hanging around on the to-do list for a few years! Hats off to Tony and Mel, I believe they secretly enjoyed it. The Website is improving as we get to grips with tech and look out for new Facebook and Instagram pages being set up.

Once all events are locked down and ready to go, we will be promoting through social media and good old posters around the area so keep a look out, but we can reveal an exciting, very exclusive, save the date opportunity for any brass player who wants to improve their playing technique and ability... sooooooooooooo

SAVE THE DATE-

The 18<sup>TH</sup> May 11-1pm

more details to be released next week.
